THE UK'S LEADING TOUR OPERATOR
FOR THE DRIVING ENTHUSIAST

Scenic & Continental Car Tours are the UK's leading tour operator for the driving enthusiast. Featuring over 100 exciting holidays across the globe, Scenic & Continental Car Tours are proud to offer you a wonderful selection of Amazing Road Journeys. Wherever in the world you decide to go, your journey will be on some the most spectacular roads. You'll wake up relaxed and refreshed in comfortable, specially-selected hotels and you'll travel together with like-minded people, with whom you can interact as much or as little as you wish.

How Our Tours Work

We are very aware that this is your holiday and, as such our tours, are designed to be as flexible as possible so that you have the freedom to enjoy your trip to the full.

In most cases we do not escort our tours, there are two main reasons for this:

1. Each year we operate over 250 tours, the bulk of which run in May, June & September, so it would be impossible for us to escort this number of tours.

2. Our Tour price would increase dramatically, as we would have to include tour escort wages and costs such as: accommodation, meals, fuel, road tolls etc.

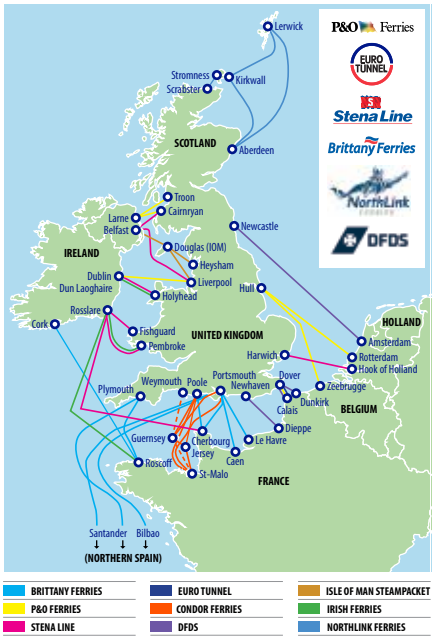
Number of Cars - Our aim is to have around 15 cars on each tour (excluding larger events such as Laon Historique, Angouleme etc). We cannot however, guarantee how many cars will book with us and on some occasions the number of cars travelling may fall well below this number. We will make every effort to ensure each tour runs irrespective of the number of cars booked.

Overnight Stops - Where necessary our tour itineraries include overnight stops en route to your 'main stay' destination. The mileages on the transit days tend to include higher mileages than on the touring days. In some cases we offer the choice of how many overnight stops you can make i.e. Italian Lakes and Tuscany. You can, however, opt to make your own overnight arrangements and join or leave our tour at a point to suit you.

Detailed Road Books - Instead of a Tour Escort we supply you with a detailed Road Book featuring day by day suggested itineraries, backed up by a selection of detailed maps, showing direct or scenic route options and points of interest. Due to the volume of tours we operate, it is impossible for us to drive every route on every tour and as a result we do not include a tulip or other forms of step-by-step directions. Our tour itineraries also indicate approximate daily mileages and your meal basis at your hotel(s) on each day.

Car Parking - is available at all of our hotels (unless otherwise stated). Where possible parking at the hotels is included, however, where this is not possible, parking charges may be payable locally.

Group Tours - We specialise in providing packages for car clubs. So, irrespective of the group size and whether you want to create your own tailor made group tour or simply buy into one of our ready-made packages, just give us a call and we'll do the rest!



Ferry Crossings

Most of our European Tours are based on P&O Ferries crossings from Dover to Calais. You can, however, opt to change your crossing to Eurotunnel, North Sea Ferries or other ferry companies operating ferry services between the UK and the continent. Dover to Calais is normally the cheapest option, so in most cases changing to a different route will incur an additional charge. Our Irish Tours include crossings with Stena Line, again we can also offer other routes on request.

You are in Safe Hands. It's important to know the company that you are dealing with can be trusted to protect your money until after your holiday is complete. It is also good to know that you're dealing with a company that has the people, experience and systems in place to ensure we will be right behind you every step of the way.

British Tours

Our British tour program allows you the freedom to explore history-steeped market towns, idyllic villages, and the glorious gardens of England, Scotland and Wales by car. Explore rugged landscape and remote isles made famous by Thomas Hardy, Burns, Wordsworth and the Brontë sisters. Enjoy some of the UK's wonderful hotels together with some amazing drives to make your perfect driving holiday!

Irish Tours

Perched on the northwest tip of Europe, this is the one place in the world where even time getting lost will be worthwhile. With ancient myths and legends to uncover, amazing landscapes to explore and locals who will be more than happy to reveal Ireland's hidden gems, just go where the island of Ireland takes you. Guaranteed, you'll return home with memories that will last a lifetime!

European Tours

The delightful thing about Europe is that you will not have to travel far to find yourself immersed in a completely different culture. Enjoy one of our short breaks to France, Belgium or Holland, or if you are feeling a bit more adventurous and want to head further afield we have an amazing selection of road trips to choose from including: The Italian Lakes and Stelvio Pass, the breath-taking Norwegian Fjords or the sunshine of the Mediterranean coast.

Classic & Historic Motorsport Events

With Europe literally on our doorstep we are in a privileged position to have such easy access to the numerous Classic Motorsport events, whether it's the Spa Classic at Fracorchamps in Belgium, the Laon Historique in France or the Mille Miglia in Italy. Our packages include ferry crossings, hotel accommodation & tickets to the events. In many cases you can combine these events with one of our pre or post tours to a selection of European destinations.

Worldwide Tours

Explore some of the most iconic destinations in the world. Choose from the iconic Route 66 to a 2 Island tour of New Zealand, The Pacific Coast and Monterey Classic Car Week to an Escorted Tour of China featuring the Chinese Grand Prix. The World really is your oyster with Scenic & Continental Car Tours. In most cases our tours offer you the choice to take your own car or to hire a car in resort.

Fly-Drive Options

If you do not want to take your own car, but would still like to experience one of our Amazing Road Journeys, then why not look at one of our many Fly-Drive options.

Fly-Drive options are available on 'most' of our tours including flights from selected UK airports and car hire. If there is a tour where no option is shown, then still give us a call and we would be only too pleased to create one for you.

Please note: Flight prices are subject to availability within the fare band costed into each tour at the time of printing this brochure. If the flight cost exceeds our fare band we will give you a revised tour quotation without any obligation. All flight bookings are operated for Scenic & Continental Car tours by our sister company Success Tours ATOL No. 5114

Financial Security. In accordance with the EC Package Travel Directive, Scenic & Continental Car Tours operates a system of client trust accounts; the ultimate in payment protection. This means every penny you pay us is ring-fenced and audited by an independent firm of accountants and may not be used by us to pay suppliers until you have returned from your holiday.

No Surcharge Guarantee. Once you have booked a trip with us and paid your deposit, we guarantee your price will not change; irrespective of currency fluctuations or any supplier price increases imposed on us.

BATH, CHEDDAR GORGE & THE COTSWOLDS

Iconic attractions, spectacular landscapes & delightful villages

The Cotswolds stretches from Bath in the south to Stratford-upon-Avon in the north, and Gloucester in the west to Oxford in the east. Apart from the larger well-known towns, there are numerous delightful villages such as Burford, Bourton-on-the-Water, Stow-on-the-Wold and Castle Combe.

Explore quintessentially English villages of honey-coloured stone and take in lively market towns, visit some of the country's greatest palaces, castles and country houses, marvel at the natural world in acclaimed reserves and some of the most famous arboretas in Britain or take a walk through breath-taking landscapes and historic trails.

Bath - Nourished by natural hot springs, Bath offers a unique experience with stunning architecture, great shopping and iconic attractions. The Romans took advantage of the area's natural hot springs by building the majestic Roman Baths, now a UNESCO heritage site. You can experience the mineral-rich waters for yourself at Bath Thermae Spa - don't miss the spectacular views of the city from the rooftop pool. The city's elegant Georgian architecture is best appreciated on foot. Take a free walking tour to take in the Royal Crescent (one of Britain's most beautiful streets), the spectacular Bath Abbey and the historic Theatre Royal.

Cheddar Gorge - Cheddar Gorge is one of England's most iconic and spectacular landscapes. At almost 400 feet deep and three miles long; this is England's largest gorge, and with its weathered crags and pinnacles, one of our most spectacular natural sights.

DELIGHTFUL DEVON

Including Beautiful Beaches & the Eden Project

Visit Devon and you'll find that there is more to this spectacular and diverse county than you might have thought. In addition to beautiful beaches and stunning scenery, you'll find National Parks, rustic villages and towns, historic buildings and ruins and the best in food and drink.

The most difficult decision you'll have to make is what you want to visit first. Devon boasts five areas of Outstanding Natural Beauty - A UNESCO Biosphere Reserve, a UNESCO Geopark, a UNESCO World Heritage Site and two National Parks. Perhaps the most famous of the National Parks is Dartmoor. Its rugged beauty, and that of the Greater Dartmoor area around it, inspired Conan Doyle's The Hound of the Baskervilles, and has been used as the backdrop for many Hollywood blockbusters.

The Eden Project - Dubbed the 'Eighth Wonder of the World' by some, this dramatic global garden is housed in tropical biomes that nestle in a crater the size of 30 football pitches. This epic destination definitely deserves a day of your undivided attention. More than just a huge, tropical garden, Eden is a gateway into the relationships between plants and people, and a fascinating insight into the story of mankind's dependence on plant life. Not only a mind-blowing visitor attraction, Eden is also fast-becoming a unique resource for education and knowledge towards a sustainable future.

CORNWALL & THE ISLES OF SCILLY

Combine 4 Nights in Cornwall with 3 Nights on the Isles of Scilly

Cornwall is a land defined by its spectacular coastline which tapers out into the Atlantic Ocean. The dramatic granite cliffs of Land's End, picture postcard harbours, and the wide sandy beaches of the north coast have all made Cornwall a holiday favourite for generations. Cornwall also has a rich cultural heritage and this has left an indelible mark on the landscape. From ancient stones to the ghosts of the mining industry, there are constant reminders that you are not in England anymore. Cornwall's beaches are unrivalled elsewhere in Britain plus some of the Duchy's most enchanting fishing villages and harbours.

The Isles of Scilly offer a simpler and more peaceful style of life. A quality long lost to many other parts of the UK. There are five inhabited islands, St. Mary's, Tresco, St. Martin's, Bryher and St. Agnes plus countless uninhabited ones to explore. Each island has its distinct characteristics. Scilly also boasts an incredible ancient history and archaeology, alongside sweeping sea views and rugged undeveloped coasts. The islands' heritage revolves around the sea - fishing for lobsters, crabs and crayfish and racing traditional pilot gigs. Flower farming also thrives here; Scilly's scented narcissi are renowned the world over.

Flight option - Fly to the Isles of Scilly with Skybus. Flight supplements: From Lands End £30.00* / From Newquay £60.00 Per Person each way. Please note that transfers are not included at either end.

YORK, WHITBY, & THE NORTH YORKSHIRE MOORS

Including Eden Camp WWII Museum

Nowhere in northern England says 'medieval' quite like York, a City of extraordinary cultural and historical wealth that has lost little of its pre-industrial lustre. A magnificent circuit of 13th-century walls encloses a medieval spider's web of narrow streets.

Whitby is famous for many things, it's a traditional seaside resort with Blue Flag beaches and some of the best fish and chips around.

The North Yorkshire Moors is a special place; forged by nature, shaped over generations, where peace and beauty rub shoulders with a rich history and a warm welcome.

York - At its heart lies the immense, awe-inspiring York Minster; one of the most beautiful Gothic Cathedrals in the world. York's long history and rich heritage is woven into virtually every brick and beam and the modern, tourist-oriented City, with its myriad of museums, restaurants, cafes and traditional pubs.

ROYAL NORFOLK

Including the Norfolk Broads & Garden Trail

Norfolk is a diverse county with fantastic coast and different landscapes, visitor attractions and things to do. There's also plenty of events going on and with so much to do it's hard to narrow down a long list of reasons to visit, but here are just a few.

There's Norman Castle Rising and Norwich Castle, stately homes such as Sandringham, Holkham, Blickling, Felbrigg and Houghton. Norfolk has some wonderful museums too. Most of all though, it has pristine beaches on the east coast, there's Gorleston, Great Yarmouth, Winterton, Sea Palling, Horsey. While on the north Norfolk coast there's Cromer, Brancaster plus Holkham Wells, which has been voted the best beach in Britain!

The Norfolk Broads is a National Park with over 125 miles of navigable lock-free waterways, set in beautiful countryside and studded with charming and picturesque towns and villages. The Norfolk Garden Trail is a glorious trail of seven of the finest gardens in Norfolk. Sandringham is the much-loved country retreat of Her Majesty The Queen, and has been the private home of four generations of British monarchs since 1862. The City of Norwich is a wonderful fusion of the modern and historic and the most complete medieval city in the UK.

Amazing Road Journeys

Scotland

THE BORDER 500 & LAKE DISTRICT

A Scenic 500 Mile Drive from Alnwick to Portpatrick & Including the Lake District

The Border 500 stretches from Northumberland in the east, taking in the Scottish Lowlands and North Pennines, finally skirting west along the Solway coastline into Dumfries and Galloway to Portpatrick at the tip of the Irish Sea.

From quaint fishing villages, and sandy beaches, through historic market towns, over vast moorland and through enchanting forests your journey will be full of interesting things to see & do with stunning scenery and roads. For many the journey is not simply the means of getting from 'A to B' but instead an experience to be enjoyed and savoured. On today's crowded and congested roads, it is becoming a rarity to find the space to enjoy motoring for the very pleasure of it. On the Border 500 route the roads have been selected so you can indulge in that very driving pleasure.

Northumberland is a magical place filled with ancient castles; hidden gardens; unspoilt beaches; rolling hills; rugged moorland; sweeping views; friendly little market towns and a cultural heritage all of its own.

Scottish Borderlands - From the rolling hills and moorland in the west to the gentle valleys and picturesque Berwickshire coastline in the east, it is easy to see why Sir Walter Scott was so enamoured with this peaceful region that he chose to build his beloved house, Abbotsford here.

North Pennines is one of England's most special places, a stunning landscape of open heather moors and peatlands, attractive dales and hay meadows, tumbling upland rivers, wonderful woods, welcoming communities, intriguing imprints of a mining and industrial past, distinctive birds, animals and plants and much, much more.

Dumfries & Galloway - From the rocky and sandy Solway Coast looking out for miles across the sea, to the lush green inland forests and hills, it's simply amazing. And it's not just us that think so - writers such as Robert Burns, artists and many more have been inspired by these lands.

SCOTLAND'S NORTH COAST ROUTE 500

A road trip around some of Scotland's most beautiful Coastal Roads

Scotland's North Coast Route 500 showcases the fairy tale castles, beaches and ruins and the best the North Highlands has to offer. Although the route starts and ends in Inverness, our tour begins in the borderlands and includes a scenic drive though the Cauirngorms National Park.

Scotland's North Coast Route 500 - There's nothing quite like the freedom of the long open road, never-ending back roads, wide meandering paths and hidden trails through some of Scotland's finest coastal scenery are just a few things you can expect on Scotland's new tourist route. Scotland's North Coast Route 500 is a haven of adventure, with hundreds of things to see and do, whether it be spotting dolphins, climbing mountains, tasting local delicacies or enjoying the amazing scenery, there is something here for everyone.

Narrow, single track country roads are all that you'll encounter for around 200 miles across various sections of the route. Blind corners and summits, hairpin bends and vertiginous edges are commonplace. Throw in that sheep and lambs are often mooching at the side or in the middle of the road, the possibility of a deer suddenly leaping in front of you and, of course, increased traffic given the route's upsurge in popularity, and it's certainly a drive unlike any other.

The North Coast Route 500 starts in the northern city of Inverness, then weaves along the east coast via Invergordon, Dornoch and Wick to Scotland's most northerly point John O'Groats . From here you'll follow the north coast via Thurso, Dounreay, Bettyhill and Durness before heading south through Scourie, Kylescu, Ullapool and Applecross before returning back to Inverness.

IRELAND'S WILD ATLANTIC WAY

Including Connemara, Cliffs of Moher & the Ring of Kerry

Explore one of Ireland's most spectacular coastal touring routes, the Wild Atlantic Way. It stretches for 1500 miles along Ireland's dramatic western seaboard taking in some of the most enchanting scenery in the world.

The Wild Atlantic Way is a world-famous coastal route that spans seven of Ireland's counties, taking in some breathtaking scenery along the way. From Galway to Kerry and Kerry to Cork, the Wild Atlantic Way is a journey of discovery.You'll drive routes that ring great peninsulas reaching out into the ocean. Tiny roads hug the shoreline, then switchback high above the Atlantic swell. Tucked away in little villages and towns that snuggle into the coastline are delightful cafes and restaurants where you can indulge in your passion for good food and great wine. Ireland's west coast boasts some of the world's most spectacular scenery from the towering Cliffs of Moher and the weird 'lunar' landscape of The Burren to wide, almost deserted sandy beaches and picturesque seaside villages such as Ballyvaughan and Quilty.

Connemara - with its mountains and National Park is said to be one of the last unspoilt areas in Ireland. Your route takes you via Clifden, the most westerly point in Connemara, before making our way to Galway.

Cliffs of Moher - These picturesque cliffs endure an ongoing beating from the wild waves of the Atlantic. This eternal contest between land and ocean has led to the Cliffs of Moher becoming one of the west coast's most stunningly beautiful sights - not to be missed by anyone embarking on an Ireland tour!

The Ring of Kerry - Your route takes you anti-clockwise via Killorglin, Glenbeigh, Cahersiveen, Waterville and Kenmare before heading south on the Wild Atlantic Way through West Cork via Gengarriff, Bantry Bay and Skibbereen.

WATERFORD, KILLARNEY, & RING OF KERRY

A 6 day tour along one of the most beautiful coastlines in the world

Explore the rugged south coast at your leisure as you make your way to some of Ireland's most popular tourist destinations. The south coast is steeped in history, prehistoric settlements, castles, abbeys and stately homes dot the landscape, not to mention the spectacular coastline or the harbour-side village of Kinsale laying claim to the title 'Foodie capital of the South'.

Waterford is Ireland's oldest city, founded in 853, and you can pre-date even Henry II by exploring its three-part Museum of Treasures. But it's not all ancient history; as funky shops, electric festivals and the brand new Waterford Crystal Visitor Centre will tell you. Waterford's Copper Coast UNESCO Global Geopark is a seriously gorgeous strip of shoreline. Stretching 25km from the Victorian resort of Tramore to leafy Stradbally, this short drive spills over with cliffs, coves, sea stacks and coastal views.

Killarney - Even before the famous visit of Queen Victoria, Killarney had earned its stripes as a tourist hub, simply put, this is the Grand Central Station of tourism for the south west, a vibrant crossroads where paradise meets good old-fashioned fun. Killarney is the gateway to the Ring of Kerry and has been Ireland's top town for tourism for many years. Although Killarney is a very attractive town, it is outshone by the beautiful surrounding countryside with it's mountains, lakes, woods and coastline. You can take a ride through part of this beauty by taking a Jaunting Car, the local form of horse drawn carriage. Killarney town has much too interest the tourist; not least, the fine restaurants, gift shops and pubs with their traditional music, of which there are many.

The Ring of Kerry - A road that takes you through 10,000 years of dramatic history. It's a road that takes you from deep forest to the crashing waters of the Atlantic. It's a road through rugged, majestic landscapes: where wild stag roam and where tumbling waterfalls crash into crystal streams teeming with wild salmon. It's a road that shows you the real meaning of a holiday in Kerry, Ireland.

HONFLEUR & THE LOIRE VALLEY

Enjoy 2 Nights in Honfleur and 4 Nights in the Loire Valley

Honfleur - This little maritime city, which has somehow escaped the ravages of time, has managed to preserve the traces of a rich historical past, which make it one of the most visited towns in France, with its picturesque back streets and old houses. Its international renown is partly due to the authenticity of its narrow paved streets and timber-framed house-fronts, its little shops, charming hotels and typical restaurants, but also to the variety of its monuments and the wealth of its cultural and artistic heritage.

The Loire Valley - a stunning area of France where castles, moats, turrets, bridges, towers and rivers seem as though they have jumped right out of the pages of some of the world's most famous fairytales, offering the most diverse range of attractions in France if not anywhere in Europe. Visit its glorious Chateaux's and cathedrals, towns and villages that will charm and interest you. Also see sumptuous gardens and natural parks to please even the keenest gardeners and nature lovers. Enter the mysterious dreamland of artists and authors where gardens have been the keepers of secrets and witnesses to love affairs throughout the ages. The significant tradition of gardens in Loire Valley was established during the Renaissance. With the peace that began when weapons were finally set aside, the fortresses evolved into vast estates where gardens became a new living area, genuine outdoor living rooms.

Including the Millau Viaduct & the Route Napoleon

A fantastic tour combing the glistening French Riviera with its spectacular beaches and zillion-dollar houses, the Millau Viaduct, which at 343m high and 2460m long is the world's tallest bridge and the Route Napoleon, a 325 km stretch of modern road that winds its way through the spectacular mountains of Provence.

The French Riviera - this sprawl of spectacular beaches and zillion-dollar houses has always captivated visitors and sun lovers alike. Make sure you don't miss the Côte d'Azur's world-famous points of interest including: St-Tropez; the Belle Époque aura of Cannes; the towns made famous by Picasso, Antibes, Vallauris, Mougins; the urban charms of Nice and a number of locations where per capita, the population of billionaires is amongst the highest on the planet, these include: Cap d'Antibes, Villefranche-sur-Mer, and the pricipality of Monaco.

The Millau Viaduct - holds the world record for the tallest bridge, culminating at 343 metres (higher than the Eiffel tower), 2460 metres long and touching the bottom of the Tarn valley in only 9 places. It is the most spectacular link in La Méridienne, the A75 motorway linking Clermont-Ferrand with Béziers and Narbonne, the least congested and cheapest route between Paris and the Mediterranean. Conceived by French engineer Michel Virlogeux and designed by English architect Lord Norman Foster, it fits perfectly into the naturally intact and grandiose landscape.

Route Napoleon follows the route taken by Napoleon in his 1815 escape from Elba to Grenoble. This asphalted 325km road begins at Golfe-Juan, where Napoleon disembarked on 1st March 1815, beginning the Hundred Days that ended at Waterloo. It took Napoleon and a thousand men a whole week, but today you can drive the entire route in about eight hours. Our tour splits the route into two sections so that you have plenty of time to enjoy the fantastic scenery. Major towns along the route include: Vallauris, Cannes, Grasse, Saint-Vallier-de-Thiey, Seranon, Castellane, Digne, Sisteron, Gap, Corps, La Mure and Grenoble.

CLASSIC CHAMPAGNE TOUR

Including Mercier Champagne tour & tasting

The Champagne Route begins 75 miles east of Paris, and stretches along the Marne Valley to the cities of Epernay and Reims and south towards Sezanne and the Côte des Bar. There are actually five routes covering around 360 miles that take you to magnificent view points, charming villages, ancient monasteries and imposing churches and châteaux.

The Champagne Route starts in Epernay and Reims and is famed for their prestigious champagne houses such as Moët et Chandon, Mercier and Veuve Clicquot. However, between these two towns and stretching south of Epernay, acres of vines covering gently rolling countryside are waiting to be explored where the villages are dotted with 'vignerons', family run vineyards which delight in continuing a unique and long established tradition. Each champagne is different, though all are produced using the same three varieties of grape, pinot noir, pinot meunier, and chardonnay. Our vineyard route passes through Oger, classified as one of the "most beautiful villages of France" and 'not to be missed' is Hautvillers, famous for its abbey where Dom Pérignon is said to have discovered the secret of champagne making.

Mercier Champagne Tour & Tasting - Your visit starts with a film which retraces the history of the founder Eugène Mercier, then you'll take the panoramic elevator where you'll find yourself 30 m above the ground to board the tourist train, with your multilingual audio-guide to travel along the impressive 18 km of tunnels. The wine cellars are the first to have been designed on one level and are set out geometrically and are easily accessible to visitors. As you travel through the tunnels you can see the famous giant barrel, which contains 213,000 bottles of champagne! Returning to the surface, you'll enjoy a glass of Mercier champagne.

Reims Grand Prix Circuit was first used in 1926, hosting the second edition of the Grand Prix de la Marne. After closing in 1972, the circuit gradually fell into disrepair before a group of local enthusiasts began restoring the remaining buildings.

BEST OF THE DORDOGNE

Few regions sum up France better than the Dordogne

A favourite getaway for French families on 'les grandes vacances', with its rich food, heady history, château-studded countryside and picturesque villages. It's also famous for having some of France's finest prehistoric cave art, which fill the caverns and rock shelters of the Vézère Valley.

Few regions sum up the attractions of France better than the Dordogne, with its rich food, heady history, château-studded countryside and picturesque villages. Part of the historic area was called Aquitaine and its strategic importance through the ages is illustrated by the many bastides (fortified towns) and fortresses throughout.

Today it's known to the French as the Périgord, and is divided into four colour-coded areas: Périgord Pourpre (purple) for the winegrowing regions around Bergerac; Périgord Noir (black) for the dark oak forests around the Vézère Valley and Sarlat-la-Canéda; Périgord Blanc (white) after the limestone hills around the capital, Périgueux; and Périgord Vert (green) for the forested regions of the north.

Sarlat le Caneda is the most famous town in the region and one of the most renowned and visited in France, it is also one of the most attractive. The pedestrianised Rue de la Republique runs the length of the old town, with mazes of narrow streets and the picturesque Place de Payrou and Hotel de la Boétie. Vézac is home to one of the world's most magnificent landscapes, the famed overhanging Gardens of Marqueyssac. Perched half-way up a vertical cliff the spectacular setting of Rocamadour is hard to beat and Domme is one of the best preserved medieval Bastide towns with wonderful views over the Dordogne River. Take a traditional flat-bottomed boat trip from La Roque Gageac and admire the Chateau de Castelnaud, the Chateau de Marqueyssac, the Chateau de Lacoste and the Chateau de la Malartrie from the unique vantage point of the river.

LAKE ANNECY & THE MAURIENNE PASSES

Featuring the Amazing Passes of the Maurienne

This 9 day tour combines the turquoise Lake Annecy; overlooked by wooded and often-snow-capped mountains, the charming Old Town with its ensemble of pastel-painted, geranium-bedecked houses and the turreted château which looks like a castle straight out of the Middle Ages, together with the stunning passes, peaks, valleys and villages of the Maurienne Valley.

Lake Annecy - Annecy is said to be one of the most beautiful French towns that has preserved its medieval architectural history in all its glory. With its quaint canals and tiny bridges, it is referred to as the Venice of the Alps. Not only is it one of the prettiest lakes around, but Lake Annecy is also "Europe's cleanest lake" due to the very early introduction of environmental regulations in the 1960s. Famously painted in oil on canvas by Cézanne in 1896, the lake lies at the foothills of the French Alps and has a rich local history from both before and after the unification of the local region of Savoy with France just 150 years ago. As well as the lakes and mountains scenery, the area is well known for its local cuisine including its cheeses, its fish such as Omble Chevalier and Féra, and its chocolate, especially the mountain liqueur-based Roseau. Take a guided tour of the old town with its castle and local museum, visit the Alpine Lake Museum, enjoy the old town with its canals and cafes, its shops and architecture and take a boat tour of the lake.

The Maurienne Valley - Located in the department of Savoie in the french region Rhône-Alpes and at the heart of the Maurienne Valley you'll find the spectacular Passes of the Maurienne, which is home to: Col du Télégraphe (1566m), Col du Grand Cucheron (1188m), Col du Galibier (2646m), Col de la Madeleine (2000m), Col du Mont-Cenis (2084m), Col du Glandon (1908m), Col de l'Iseran (2764m), Col de la Croix de Fer (2067m), Col du Mollard (1650m) and Col de Chaussy (1533m).

LAON HISTORIQUE 2019

The UK's Biggest Classic Car Pilgrimage to Europe

Laon Historique is the UK's biggest and most popular classic car pilgrimage to Europe with over 350 cars attending the event every year. So what are you waiting for, join us on this amazing tour to the Circuit Historique de Laon, a non-competitive event dedicated to any type of vintage, classic, sports and kit car.

The Circuit Historique de Laon - The fun begins on Saturday morning as participants make their way from their respective hotels to the registration point in Parc Foch to sign on for the weekends events and to collect their rally plate and joining instructions. The Saturday run departs from Parc Foch and takes you on a scenic drive into the French countryside and includes a lunch stop including a snack and drink before heading back to Laon for the Concours d'Elegance and a glass of champagne.

On Sunday morning, all of the participating cars assemble in the old town ready for the highlight of the weekend, the 'closed street run'. The city of Laon hosts this classic car parade of classic and vintage cars from all over Europe and as the name suggests, all of the streets are closed to traffic. The route extends over 6km and includes a hill climb with hairpin bends as you make your way to the old town centre. Spectators line the streets to watch the biggest cavalcade of classic cars and sports cars in Europe.

Other highlights of the weekend include: A classic car display in the Town Square in Bethune en route to Laon on Friday, and on Monday there is an optional run from Laon that participants can take part in before heading back to the port for the ferry home.

CHANTILLY ARTS & ELEGANCE

& the Compiegne-Pierrefonds Rally

This tour combines The Chantilly Arts & Elegance Richard Mille, now in its 5th year, with the Compiegne Forest & Pierrefonds Rally through the Compiegne Forest, the second largest forest in France.

The Chantilly Arts & Elegance Richard Mille has already become part of that very elite circle of the most outstanding events of its kind. Smart attire is actively encouraged to fit in with the atmosphere of the event. In 2017, more than 100,000 spectators converged on Chantilly to admire over 500 historic racing cars on the track and 8,500 vintage cars in the general enclosures, specially designed to accommodate car clubs representing 60 marques.

Compiegne Forest & Pierrefonds Rally - This rally takes you through the Compiegne Forest, covering over 35,620 acres. Its oak and beech lined roads criss-cross the forest where both the Armistice of 1918 and of 1940 were signed, one ending the first World War and the other where France surrendered to the Nazi's some 22 years later. Pierrefonds is on the south-east edge of the Compiegne Forest, best known for the Château de Pierrefonds and its picturesque village. The Chateau, with its spires and towers, is one of the most impressive and photogenic in France and has been often used as a film set including the recent Merlin television series.

VINTAGE REVIVAL MONTLHERY

A celebration of Historic Motor Sport

The Vintage Revival Montlhéry is one of the classic car world's top events, where the humblest cyclecar ranks equal with the rarest racer. The Autodrome of Linas-Montlhéry, 16 miles south of Paris, is the last of the great vintage banked tracks to survive in almost its original condition.

The Autodrome de Linas-Montlhéry is located south-west of the small Montlhéry, just thirty km south of Paris. During the weekend some 300 pre-1940 cars & motorbikes engage in fifteen-minute demonstration runs in batches of approximately 35 on a 2.1-mile run, incorporating a brief road section with two hairpin bends that branches off the banked oval piste.

Details of the 2019 Vintage Revival Montlhéry have now been announced and the event is going to be rather special for lovers of the Morgan car, as it will celebrate 110 years since the first car took the road in 1909. Participants can apply to take part in the 'on track events' for pre 1940 cars. The lucky 260 cars chosen will drive around the track in groups of 30-35 cars and those who are not chosen will be included in a static display in the Paddock. At the end of Sunday's racing you will have the opportunity to drive around the track (approx. 3 laps) behind a pace car. There will be a designated 'Classic Car Parking area' where spectators travelling to the event can park their car.

LES GRANDES HEURES AUTOMOBILES

At the legendary Autodrome of Linas-Montlhéry

Despite the fact that this is only the 5th Les Grandes Heures Automobiles, this event is already becoming a major autumn attraction attracting over 16,000 spectators in 2017. It's a vibrant weekend where you can watch some of the world's most incredible vehicles in a series based on vintage and other categories.

The Autodrome of Linas-Montlhéry is located just 16 miles south of Paris and is the last of the great vintage banked tracks to survive in almost its original condition. This legendary temple of speed has played host to many records since 1924 and this event sees its return to its former glory.

Each year, the history-steeped banking of the Autodrome de Linas-Montlhéry reverberates with the sound of horsepower, as a mouth-watering selection of historic and modern competition cars take to the temple of speed for Les Grandes Heures Automobiles. Les Grandes Heures Automobiles isn't a competition as nobody is keeping time, here you can watch the world's most incredible vehicles on the track in series until 10pm on Saturday and 6pm on Sunday. ANGOULEME CIRCUIT DES REMPARTS

3 days of old-timer and classic car racing

Enjoy a nostalgic tour to Angouleme for the Historique 'Circuit des Remparts' where every year in September, the town of Angoulême fills with racing enthusiasts for the Circuit des Remparts, the annual gathering of vintage and classic cars.

Angoulême Circuit des Remparts is a must-do-event for all fans of vintage cars, a weekend-long event where you'll watch classic cars hurtling around the ancient, twisting roads of this pretty hill-top town. First staged back in 1939, the Circuit des Remparts classic car race is held on the third weekend each September. The track hasn't changed since that first race and is one of the very few motor races to take place within the walls of a town, making the 2019 Circuit des Remparts the 79th edition of this historic event.

Modern safety equipment has replaced the hay bales and wooden fences but otherwise the circuit remains unchanged since the first Circuit des Remparts race in 1939. The old town has been faithfully restored and is now the hub for bars and restaurants along the narrow pedestrian streets. The Cathedral dates from the 12th century and, when there's no racing, you can walk all around the ramparts and look down over Angouleme and surrounding countryside.

Angoulême Known as the 'balcony of the south-west', is built on a plateau of rock that overlooks the Charente river. The Old Town dates from the 19th century including the theatre and the Palais de Justice, although parts of the town hall date from the Middle Ages. The market hall of Les Halles combines both modern and old, hosting a market covered in steel and glass with an old prison for its foundations.

LONDON TO GIBRALTAR

Including the Douro Valley & Picos de Europa

This amazing 17 Day trans-european Tour from London to Gibraltar takes you South through France to the principality of Andorra, before dropping down through the Pyrenees into Spain and the iconic destination know fondly as 'The Rock'.

Following a welcome group dinner and overnight stay at the Radisson Edwardian New Providence Wharf Hotel in London, this sixteen night adventure sets off on the epic journey south to Gibraltar. The tour includes overnight stops in Compiegne and Limoges in France, El Tartar in Andorra, Valencia and Almeria in Spain before enjoying 3 nights at the magnificent Rock hotel. This landmark hotel is situated on the Rock of Gibraltar and has stunning views. Built in 1932, it is decorated in a colonial style, and its famous past guests include Sir Winston Churchill.

Gibraltar - This towering 5km-long limestone ridge rises to 426m, with dramatic cliffs on its northern and eastern sides. Gibraltarians speak English, Spanish, and a curiously accented mix of the two. Signs are in English, lest we forget, the Rock has been British longer than the United States has been American. Red pillar boxes, fish-and-chip shops, Gibraltar is a piece of Portsmouth sliced off and moved 500 miles south.

The Douro Valley is known locally as the enchanted valley. Following a route between the viewpoints that offer the best vistas, you need to cross the river from north to south and back again.

The Picos de Europa on the borders of Asturias, Cantabria and Castilla y León, is probably the most stunning National Park in Spain. Deep gorges that plunge vertically down into deep river valleys, sparkling lakes, and magical forests make this an adventure playground just begging to be explored.

D-DAY 75TH ANNIVERSARY TOUR

Normandy and World War II D-Day Landing Beaches

The Normandy region combines a 360-mile dramatic coastline, including the evocative World War II landing beaches. The coastline is dotted with museums and memorials, offering superbly presented interactive displays and video footage, which commemorate the soldiers of all nationalities that lost their lives.

The German 'Atlantikwall'- one of the last major defecse lines of this century was built by the German occupation forces in the period 1941-1944 along the coasts of France, the Channel Islands, Belgium, Netherlands, Germany, Norway and Denmark. During this period a total of 14.000 heavy, concrete bunkers were built.

Some of the most popular museums and memorials include; Pegasus Bridge, the Grand Bunker Museum in Ouistreham, the Mémorial de Cae,Utah Beach D-Day Museum, Merville Gun Battery Museum, the Airborne Museum, Ste-Mere Eglise and the Arromanches 360 degree Cinema to mention just a few. If possible, start with the Mémorial de Caen, a visit here will give you an overview of World War II and the part the Normandy D-Day Landing Beaches played. Housed in a modern purpose-built structure on the outskirts of Caen, the huge exhibition takes you from 1918 and the damaged peace through to World War II and on to 1989 and the fall of the Berlin Wall.

COLDITZ, THE DAMBUSTERS, THE GREAT ESCAPE AND A BRIDGE TOO FAR

Inspired by some of the most Iconic World War II Films

The war in the air above Europe saw the men of the RAF Bomber Command taking the conflict to the heart of the enemy territory. In this amazing tour we focus on the air war and examine four of its great stories; a Bridge Too Far, Colditz, The Dambusters Raid and the Great Escape from Stalag Luft III.

A Bridge Too Far - Officially known as 'Operation Market Garden' and includes the Battle for Arnhem where in September 1944, the largest airborne battle in history took place. The battle was bigger than Operation Mercury and the German airborne invasion of Crete in 1941, which was the only successful strategic airborne operation of World War II.

The Dambusters - Immortalised in World War II folklore as a result of the attacks on the dams of the Ruhr. The Dambusters was an elite Lancaster bomber unit and the raid was led by Wing Commander Guy Gibson VC. How much impact the Dambusters raid had is still debated, but what cannot be denied is the bravery of the men involved in the raid and the unique contribution made by Dr. Barnes Wallis; who developed the unique bouncing bomb that was used on the raid.

Colditz - Situated on a cliff overlooking the small East German town of the same name, the castle has stood on this site since the Middle Ages and has been used as a workhouse and a mental institution. Its place in history became assured during the Second World War, when it was Oflag IV-C, a prisoner-of-war camp for high-profile Allied officers who had repeatedly escaped from other camps.

The Great Escape - An audacious plan for a mass escape was put together in early 1943 by 'Big "X" Squadron Leader Roger Bushell', a captive RAF officer who was being held in North compound of Stalag Luft III. In charge of the escape committee, Bushell channelled the effort into probing for weaknesses and looking for opportunities and shocked the committee with the scope of his plan. His plan was to dig three tunnels at the same time and to attempt to get 200 men out in a single attempt.

YPRES & WWI BATTLEFIELDS

100th Anniversary Tours

During the entire period, from 1914 up to 1918, Ypres, known locally as leper, and the surrounding region was the scene of some of the most important and bloody battles of the first World War, later referred to as the Great War.

On this tour you can visit the key locations and sites around Ypres such as; Tyne Cot, the Menin Gate, Messines Ridge and Passchendaele. It is also in Flanders where the legend of the Flanders poppy was born. The poppies were said to symbolise the fallen, as they grew, blood red in colour, on the disturbed battlefield grounds.

Formally known as the French Ypres, the town is now known by one Flemish name of leper and Flemish is the local spoken language. Being close to the French border, nevertheless, like many places in this locality the town is known by both names and visitors will find it signposted in both Flemish and French. The Ypres Salient is the area around Ypres in Belgium which was the scene of the heaviest battles during the Great War. In the trenches all around Ypres extremely bloody battles were fought. Many of these battlefields have left their traces in the landscape around Ypres. Visit the various Ypres Battlefields and discover how the profound impressions of the Great War remain today. Don't miss the 'Last Post' ceremony at the Menin Gate Memorial which takes place every evening at 20h00.

ARRAS & THE SOMME BATTLEFIELDS

Including Vimy Ridge & Carrière Wellington

The 1914-1918 battlefields of the Somme are located in the beautiful, rural landscape of the region of Picardy and the Département de la Somme. The River Somme flows through the Vallée de la Haute through the battlefield area near St. Quentin, through Amiens and on to the coast.

Arras is famous for its two gems; the Grand Place and the Place des Héros. Surrounded by 155 houses of Flemish Baroque style, these two paved squares are magnificent. The Héros square, lined with covered galleries, home to fine food shops and cafés, is dominated by the belfry of the town hall.

The Somme will ever remained scarred by war. The remains of trenches, shellholes and the many cemeteries and memorials are a constant reminder of the pain that was suffered here 100 years ago. The Remembrance Trail, a circuit linking Albert and Péronne, two symbolic towns of the Great War, enables visitors to discover the main sites of remembrance.

Monuments & Memorials commemorate military units, individuals and the thousands of men serving with the military on both sides of the wire, known to have been killed, but whose remains have never been discovered or identified. The 1914-1918 battlefields of the Somme are the final resting place of many thousands of soldiers who served with the British, French and German Armies during the Great War. Visitors to the battlefields will find a good selection of public and private museums.

THE BRUGES CHRISTMAS MARKETS

One of the world's most atmospheric Christmas Markets

Bruges is probably the most atmospheric of all Belgium's Christmas markets. It oozes seasonal cheer and that warm, fuzzy, Christmassy feeling that takes you back to your childhood. From the intoxicating scent of warm, fresh waffles to the twinkling fairy lights, Bruges is hard to beat for a pre-Christmas break. And that's before you've even hopped aboard a horse-drawn carriage for a tour of the cobbles.

If you set out to design a fairy-tale medieval town, it would be hard to improve on Bruges. Picturesque cobbled lanes and dreamy canals link the market squares lined with soaring towers, historic churches and old whitewashed almshouses.

You'll find the main market in Grote Markt, with its pretty, wooden chalets surrounding a glittering ice rink, where skaters swish and stumble in the shadow of the belfry. If you can face the 366 steps to the bells at the top, you'll be rewarded with stunning views of the chocolate box city below. There's another market in smaller, tree-lined Simon Stevinplein, but with no shortage of cheery chocolatiers and cosy cafés en route, the short walk might take longer than you'd expect. If you've over-indulged, a brisk walk in nearby Minnewater will help blow away the cobwebs and work up an appetite for the next course: a plate of warm, crisp kroketten made with shrimp or gorgeously oozing cheese. Perfect for a quick pit-stop before the serious business of shopping begins.

DELIGHTFUL DINANT

And The Belgian Ardennes

Staying in the picture-postcard town of Dinant, you'll enjoy beautiful scenery, intimate restaurants and chocolate, lots of it. Even if you haven't got a sweet tooth, you'll be bowled over by the Ardennes region and it's an incredibly compact and easy place to drive.

Dinant - Squeezed between the River Meuse and the high rocks that overlook it, Dinant is a little town indeed. Its main features are the imposing citadel high above the town and the Collegiate Church of Our Lady with its characteristic pear shaped bell tower. Dinant has a striking setting, situated along the riverbank under spectacular cliffs. One of its claims to fame is as the birthplace of Adolphe Sax, who invented... yes, you guessed it the saxophone!

The Ardennes - Head south from Brussels into the rolling hills of the Belgian Ardennes complete with picture-postcard towns and grand country houses dripping with history. Bouillon lies close to the border of France, nestled on a sharp bend of the River Semois. In the heart of the Ardennes forest this small medieval city is a popular destination for short breaks to the region. In Southern Belgium there is a cluster of 22 villages that call themselves Les Plus Beaux Villages de Wallonie. You can tick off some of the finest of these on a gentle circuit of the province of Namur. Head along the beautiful Meuse and Molignee valleys to find cutesy gems such as Falaen, Crupet and Celles.

SPA CLASSIC 2019

Belgium's undisputed leading Classic Car Event

The Ardennes track at Spa Francorchamps is now established in classic motor racing and the Spa Classic Event is now the undisputed Classic Car Event in Belgium. Situated in the beautiful Ardennes region the Spa-Francorchamps track was originally designed in 1920 by Jules de Their and Henri Langlois Van Ophem.

In those days public roads were used between the Belgian towns of Spa, Malmedy and Stavelot. Due to several fatalities, in 1978 it was decided that racing here would no longer be held here in its original form. The 9th edition of the Spa Classic will feature sports cars, single-seaters, GTs and touring cars filling the grids over the weekend. Besides the two Classic Endurance Racing grids, there is Group C Racing, Sixties' Endurance, the Trofeo Nastro Rossa and Historic Formula 2. Aside all the racing action over the weekend another highlight will be the auction, run by Bonhams at the track on Saturday. In addition to the on-track action provided by the eight grids, spectators can enjoy the 1200 classic and collector cars on display.

Pre-Bookable Track Laps - During each day of the event there will be two track-lap sessions per day , each session lasts approx. 25 minutes. Cost - £120.00 Per Car (subject to availability)

THE ENCHANTING BLACK FOREST

A Magical land of Lakes, Forests, Cuckoo Clocks, Spa's and Great Cuisine

Without doubt the picturesque Black Forest is one of Germany's largest and best-known regions. A magical land of wonderful scenery with pine clad mountains and rolling hills, lush green valleys, crystal clear lakes and enchanting waterfalls.

As deep, dark and delicious as its famous cherry gateau, the Black Forest gets its name from its canopy of evergreens. It is filled with deeply carved valleys, thick woodlands, luscious meadows, stout timber farmhouses and wispy waterfalls. Our tour is based in the delightful village of Hornberg, one of the most beautiful mountain valleys in the Black Forest. It includes drives to the famous spa town of Baden Baden via the(B500) Schwarzwaldhochstrasse, the German Watch-and-Clock Makers Route (Deutsche Uhrenstrasse) which links the Black Forest villages, museums and clock manufacturers that continue the centuries-old tradition of making timepieces, including, of course, the famous cuckoo clock. These drives are all set within beautiful scenery of forests and meadows, trout streams and shingle-roofed Black Forest farmhouses.

Other Attractions Include: The National Automobile Museum in Mulhouse featuring over 400 classic and vintage vehicles including the famous Schlumpf Collection, the most prestigious collection in the world. The Alsace Wine Road and the picture-postcard town of Colmar and The Mercedes-Benz Factory in Sindelfingen. Last but not least, there is and Stuttgart, the home the Porsche and Mercedes-Benz Museums where enthusiasts can enjoy a visit to the iconic German attractions.

BERLIN, DRESDEN & THE HARZ MOUNTAINS

Including Volkswagen's Autostadt

Berlin's combo of glamour and grit is bound to mesmerise anyone keen to explore its vibrant culture, cutting-edge architecture, fabulous food and tangible history. However, there are few city silhouettes more striking than Dresden's, the classic view from the Elbe's northern bank takes in spires, towers and domes belonging to palaces, churches and stately buildings. Indeed it's hard to believe that the city was all but wiped off the map by Allied bombings in 1945.

Berlin has so many attractions. Berlin's Mitte district alone has a wealth of famous sights from Brandenburg Gate and the Reichstag Parliament building to Berlin's Cathedral Church and the TV Tower. This is a city that staged a revolution, was headquartered by Nazis, bombed to bits, divided in two and finally reunited and that was just in the 20th century! Walk along remnants of the Berlin Wall, marvel at the splendour of a Prussian palace, visit Checkpoint Charlie or stand in the very room where the Holocaust was planned.

Dresden - On the banks of the lovely Elbe River, the German city of Dresden is lush and green. The city is rich with cultural and artistic history. Culture vultures will love the Gemäldegalerie Alte Meister and Grünes Gewölbe museums, and architecture buffs will salivate over the mélange of styles reflected in the cityscape.

The Harz Mountains - The land of German fairy tales, steep-roofed houses with tiny windows and narrow, cobblestone streets, dark forests, rushing streams and stormy mountains. There is something familiar about the little towns tucked away in deep in the wooded valleys as these were the scenes of many childhood stories. The Harz Mountains have long been famous as an important source of German folklore. Many of these stories are well-known the world over; Cinderella, Hansel and Gretel, Sleeping Beauty, Rumpelstiltskin, Tom Thumb, Little Red Riding Hood, Rapunzel and The Frog Prince.

THE RHINE IN FLAMES

An Annual Celebration of the Wine Harvest

As the summer sun sets over the Rhine Valley, and a flotilla of beautifully illuminated ships makes its way down the legendary Rhine, which basks in the glow of a thousand Bengal lights, hilltop fireworks create shimmering cascades of colour high above the mountains, castles and vineyards.

The Rhine Valley is straight out of a picture book, with precipitous cliffs, steep vineyards, a castle perched on virtually every hilltop and pretty villages lining the river banks on either side. Myths and legends abound here, such as the story of Loreley, the beautiful siren of the rocks. Towns like Bacharach, Boppard, St. Goar and Linz epitomise the charm of this remarkable area with its rich cultural heritage. The Middle Rhine Valley has been designated a UNESCO World Heritage area.

Rüdesheim is one of the most popular towns in the Rhine Valley, Germany. Known for winemaking, especially of Riesling wines. The Drosselgasse in the heart of Rüdesheim's old town is a meeting place for locals and visitors from all over the world. This is where the music never stops! Whether you're after something lively or classical, romantic or groovy, from brass bands to string quartets, from dusk until dawn you will find it here.

CZECH REPUBLIC & POLAND

Featuring 3 Nights in Prague & 3 Nights in Krakow

Since the fall of communism in 1989, the Czech Republic, and its capital Prague, in particular, has evolved into one of Europe's most popular destinations with an array of wonderful castles and chateaux, world famous spas, unspoilt countryside, historical cities and legendary cuisine. Poland's roots go back to the turn of the first millennium, leaving a thousand years of twists and turns and kings and castles to explore.

Prague is the cradle of Czech culture and one of Europe's most fascinating cities. Prague offers a near-intact medieval core of Gothic architecture that can transport you back 500 years. The 14th-century Charles Bridge, connecting two historic neighbourhoods across the Vltava River, with the castle ramparts and the spires of St Vitus Cathedral rising above, is one of the classic sights of world travel. But the city is not just about history; it's a vital urban centre with a rich array of cultural offerings, and a newly emerging foodie scene.

Kraków - If you believe the legends, Kraków was founded on the defeat of a dragon, and it's true a mythical atmosphere permeates its attractive streets and squares. Wawel Castle is a major attraction, while the Old Town contains soaring churches, impressive museums and the vast Rynek Główny, Europe's largest market square. In the former Jewish quarter, Kazimierz, remnant synagogues reflect the tragedy of the 20th century, just as its lively squares and backstreets symbolise the renewal of the 21st. Here and throughout the Old Town are hundreds of restaurants, bars and clubs.

Auschwitz-Birkenau was the largest of the German Nazi concentration camps and extermination centres. Over 1.1 million men, women and children lost their lives here. The museum is devoted to the memory of the victims who died at both camps during World War II.

HIGHLIGHTS OF AUSTRIA

& the Grossglockner High Alpine Road

Austria is one of Europe's most spectacular destinations and boasts the complete range of sights, attractions and activities to entertain and exhilarate. Whether you prefer to explore the glittering Lakes or the dramatic mountain terrain, Historic Cities or the Lush Mountain Hillsides synonymous with the Sound of Music, Austria has it all!

The Austrian Tyrol is as pure Alpine as it gets, with mountains that make you want to yodel out loud and patchwork pastures chiming with cowbells.

Salzburg, the birthplace of Wolfgang Amadeus Mozart, is dominated by churches, castles and palaces. Its picturesque old town is a UNESCO World Heritage Site. Visit Mozart's Geburtshaus on Getreidegasse, where the genial composer was born and Salzburg's most attractive shopping street with its high and narrow houses and romantic courtyards. Red Bull's Hangar 7 is just a short drive from the city at Salzburg Airport, here Mateschitz, who co-founded Red Bull in 1987, stores all his coolest toys.

The Grossglockner High Alpine Road is probably the most well known stretch of road in Austria, winding its way from Bruck in Salzburg to Heiligenblut in Carinthia, the highest point on the pass is the Hochtor at 2505 metres.

Hitler's Eagle's Nest was built as a teahouse for Adolf Hitler on Kehlstein Mountain at an elevation of 1834m. Its unusual position made it a unique engineering feat. Hitler's home and southern headquarters were located on Obersalzberg, at the foot of the Eagle's Nest mountain.

THE GREAT DOLOMITE ROAD

Including the Stelvio Pass & Grossglockner High Alpine Road

Our itinerary provides a perfect introduction to some the greatest roads in Europe. As you make your way through Switzerland and in to the Italian Tyrol, the scenery gets better and better as you pass through valley's dotted with rolling green pastures, picturesque villages and steep mountain trails.

The Great Dolomite Road is one of the most scenic roads in Europe, a breath-taking drive that crosses three alpine passes and connects the Bozen and Bolzano regions. The road is well maintained and reaches a maximum gradient of 12 percent. It twists and turns, traversing around some of the highest peaks in the range, and passing through picturesque ski resorts and mountain villages along the way.

The Stelvio Pass is officially the third highest pass in the Alps (2757m) and possibly the most dramatic mountain pass to drive in the European Alps. Unlike many mountain passes where approaching from either direction offers a similar experience, with the Stelvio, it's best approached from the north west side. It's only by coming from this direction you get to drive up the Stelvio Pass's famous wall of switchbacks and we know from experience it's always a lot more fun than heading down. It's also by approaching from this side you get to run through the heart of the Stelvio National Park itself before starting the ascent, this run takes you through several great stretches of alpine forest and miles of fast sweeping roads before arriving at the foot of the pass.

The Grossglockner High Alpine Road is the highest paved mountain pass road in Austria and is one of the most scenic drives you'll find in Europe. Ensure you make your way right up to Kaiser-Franz-Josefs-Hotel at (2369m), where you'll get great views of the Pasterze Glacier. NORTHERN SPAIN & THE PICOS DE EUROPA

A breath-taking journey through the mountains of Northern Spain

From beaches to mountains, this lovely part of Spain encompassing Cantabria and eastern Asturias is a treasure trove of landscapes, full of winding scenic roads, great cities and untouched villages, haute-cuisine and superb local fare, all criss-crossed by the ancient Camino de Santiago, Europe's most important pilgrim way.

The Picos de Europa on the borders of Asturias, Cantabria and Castilla y León, is probably the most stunning National Park in Spain, or even Europe. The contrasts within these 300 square miles of spectacular natural beauty that link Cantabria and Asturias are amazing. Small mountain villages are tucked away in the higher slopes, almost completely isolated. Deep gorges that plunge vertically down into deep river valleys, sparkling lakes, and magical forests make this an adventure playground just begging to be explored.

La Rioja is a beautiful wine region in Northern Spain characterized by its scenic patchwork of vineyard covered hills and medieval villages. The flagship grape of Rioja is the noble Tempranillo, used to create delicious reds and blended with other regional grapes like Mazuelo, Garnacha Tinta, and Graciano. **Cangas de Onis** is a great base for exploring the Picos de Europa. The main sight at Cangas de Onis is the 'Roman' bridge with the Picos de Europa as its backdrop. The main square is a good place to sit and enjoy a drink or a meal and it has a pleasant atmosphere. **Santillana del Mar** is situated on the northern route of the Pilgrim's Road to Santiago de Compostela. Santillana del Mar is a beautiful medieval town developed around the collegiate church of Santa María. Its various defence towers and palaces make Santillana one of the most important historical areas of Cantabria.

From beaches to mountains this tour encompasses Cantabria, Asturias and the Pyrenees, a treasure trove of landscapes full of winding scenic roads, great cities and untouched villages, haute-cuisine and superb local fare.

The Pyrenees mountain range separates the Iberian Peninsula from the rest of Europe, stretching more than 430km between Spain and France and rising higher than 3,400m in elevation. The Pyrenees offers a gorgeous landscape of high mountains, green valleys, dramatic gorges, pristine lakes, and rushing waterfalls. The important towns lie along the rivers, creating a peaceful ambience. The Hautes-Pyrénées encompasses the Parc National des Pyrénées (National Park of the Pyrenees Mountains) that borders Spain.

Andorra is a tiny, independent principality situated between France and Spain in the Pyrenees mountains. It's known for its ski resorts and a tax-haven status that encourages duty-free shopping. PICOS & PORTUGAL ADD-ON

Extend your stay in Portugal & the Douro Valley

Portugal - The highlights of Portugal's attractions are culture, gastronomy and wines, beaches, golf, history, variety of landscapes and above all great drives! The Portuguese people are considered to be affable, open and honest.

The Douro Valley is known locally as the enchanted valley. Following a route between the viewpoints that offer the best vistas, you need to cross the river from north to south and back again. Along the way you can admire breathtaking landscapes over the river and visit vineyards, towns and villages until you reach Miranda do Douro, the point at which the river enters Portugal. The N222 between Pinhão and Régua was voted the World's Best Drive in 2015. We also recommend the N101 from Régua through Mesão Frio in the direction of Amarante and the N322-3 between Pinhão and Alijó.

Porto is a fascinating and vibrant city with an extensive history, interesting tourist sights, buzzing nightlife, and outstanding tourist facilities. The region is famed for the production of Port, which is still stored and matured in the vast cellars that stretch along the banks of the Douro River.

NORTH CYPRUS CLASSIC CAR TOUR

Including the FREE use of one of The Hotel's Modern Classic Cars

Based at the 4 star Onar Village Resort, your host, Tamer Konat is waiting to share with you his hospitality and his extensive classic car collection. As chairman of the North Cyprus Classic Car Club and the North Cyprus Mercedes Owners Club, Tamer is well versed in organising rally tours and knows all of the best drives and locations the island has to offer.

North Cyprus, with its Crusader Castles perched on dramatic rocky peaks, offers the Classic Car Driver a memorable journey to visit these, passing through spectacular scenery including the pine forest and craggy mountain passes. Cyprus was once a a British Colony and therefore as well as driving on the left, many road signs will be familiar to the visitor. In North Cyprus the roads are well surfaced and maintained and most of the time almost empty of traffic. November and March are great months to visit Cyprus. The good weather typically starts in March and lasts well into November, although it is generally mild all year round and usually dry and sunny even in the winter. If you have a passion for classic cars and beautiful places, then here is an opportunity to combine the two. We have arranged a spectacular trip to Northern Cyprus to include the North Cyprus Classic Car Rally (Optional); a stunning drive through mountains, pine-scented forests and cliff-top roads.

The Cars - You will have a choice of a classic car to use (see website for full list of cars available) which will be allocated on a first come, first served basis. The cars used on this tour are the personal collection of Tamer Konat, the owner of the Onar Village Resort. (Please note: the owner reserves the right to withdraw or change any of these vehicles without notice and without penalty).

Onar Village is situated on the outskirts of the Kyrenia mountain range, about five minutes drive from the city centre. Its unique, 180-degree panoramic view overlooks the Northern Cyprus Mediterranean coastline and the ancient town of Kyrenia. All of the hotel's 44 guest-rooms feature a double or twin bed with en suite bathroom, air-conditioning, cable colour television, refrigerator/mini bar, hairdryer and telephone. Each room has its own balcony with either a sea or mountain view.

THE ITALIAN LAKES

Lake Garda, Lake Como, Lake Lucerne & the Stelvio Pass

There are five major lakes in the Italian lake district. From west to east, Lake Maggiore, Lugano, Como, Iseo. Each has its own particular character and the attractions of the Italian Lakes are unique and unmistakable. The two favourites and, probably the most famous, are Lake Garda and Lake Como.

Lake Garda has been a popular choice with holiday makers for over a century, the northern part of the lake is dominated by high mountains. Whilst the southern part of Lake Garda opens up to be much wider, and is surrounded by vineyards and olive groves and has long beaches. There's so much to see, from lakeside beaches and promenades, traditional local restaurants, stylish bars and lakeside cafes. Take it easy one day and be really active the next and explore at your own pace.

Lake Como has so much to offer. The resorts of Menaggio, Tremezzo, Cadenabbia and Lenno, are situated on the sunny, western shore with Bellagio perched on the promontory that divides Como and Lecco. Bellagio and Menaggio, the largest resorts, are characterised by a buzzing cosmopolitan atmosphere with quaint, cobbled alleyways and café-filled piazzas.

Lake Lucerne encircled by popular excursion mountains, Lake Lucerne is the lake with the greatest scenic variety in the country. It is somewhat reminiscent of a fjord landscape, yet remains characterised by a mild lake climate. Boat cruises on board five historic paddle wheel steamers are amongst the highlights of this region.

The Stelvio Pass at 2757m is one of the highest and most dramatic mountain passes in the Alps. Best approached from the north west, you'll experience the drive down the famous switchbacks driving through the heart of the Stelvio National Park before starting the descent, taking you through some great stretches of alpine forest and fast sweeping roads prior to your arrival at the foot of the pass. The drive down to Bormio is a spectacular drive and has a number of vantage points to stop and take pictures of the valley.

ROME, SORRENTO & THE AMALFI COAST

Including Tuscany, Motor Valley, home of Ferrari & Lamborghini

One of the most spectacular coastlines in the world, the Amalfi Coast runs south from Sorrento and winds along the Bay of Salerno. Stunning views, a wonderful climate, sophisticated hotels, excellent cuisine and delicious local wines combine to make this one of Italy's favourite holiday destinations.

Tuscany is the perfect destination for a driving holiday within easy reach of two of Italy's most popular cities, Florence and Pisa. Hilltop towns overlook emerald hills cloaked in the vines or olive groves from which the region's famous tipples and oils are produced and to the west of these enchanting landscapes is the Tuscan Riviera, which is home to the popular beach resort of Viareggio.

Rome's cityscape is an exhilarating spectacle. Ancient icons such as the Colosseum, Roman Forum and Pantheon recall the city's golden age as the capital of the world, while its many monumental basilicas testify to its historical role as seat of the Catholic Church. St Peter's Basilica is the Vatican's epic showpiece church, a towering masterpiece of Renaissance architecture.

Sorrento boasts wonderful views across the Bay of Naples to Capri and Ischia. The old town is full of character, with a wealth of restaurants and bars and the main street is lined with elegant boutiques. Life centres around the Piazza Tasso and at dusk you can watch the town come alive from one of the many pavement cafes.

Motor Valley runs between the towns of Modena, Maranello and Bologna and encompasses the museums, showrooms and factories of such supercar giants as Ferrari, Maserati, Lamborghini and Pagani, plus for motorbike enthusiasts, Ducati. This is the mecca for anyone who loves high-performance sports cars.

Spoleto is presided over by a formidable medieval fortress and backed by the Apennines. Visually stunning, the Romans left their mark here in the form of grand arches and an amphitheatre, whilst the Lombards made it the capital of their duchy in 570, leaving it with a parting gift of a Romanesque cathedral in the early 13th century.

ITALIAN RIVIERA & THE CINQUE TERRE

Including Portofino & the Principlality of Monaco

The Italian Riviera is essentially another name for the coast of Liguria, one of the country's smallest but most intriguing regions. Resonating with style and charm, this sweeping shore curves between France's Côte d'Azur and Tuscany. Its beaches border sparkling blue waters, its seaside towns for the most part exude an atmosphere of old-world ritziness.

Cinque Terre is a string of centuries-old seaside villages on the rugged Italian Riviera coastline. In each of the 5 towns, colourful houses and ancient vineyards cling to steep terraces, fishing boats bob in harbours and trattorias turn out seafood specialties along with the Liguria region's most famous dish, pesto. The best way to visit all the villages of the Cinque Terre is by rail. Local trains depart from Sestri Levante, direction la Spezia and stop in all the towns with a frequency of about 30 Minutes.

Diano Marina is an extremely popular resort on the Ligurian Riviera, characterized by excellent climatic conditions, splendid beaches, a multitude of outdoor events and wonderful cuisine. The entire town is focused on pleasing its tourists and offers hotels, beach establishments and a vibrant nightlife.

Portofino - The glamorous fishing village of Portofino is home to one of Italy's most exclusive harbours which is lined with beautiful yachts. This exclusive seaside resort is a haven for jet-setters and the glitterati, and it has long been a favourite with stars of the silver screen, such as Grace Kelly, Clark Gable and Elizabeth Taylor, and more recently, the likes of Madonna and Beyonce.

Monaco is the world's second-smallest country, it's also one of the world's most notorious tax havens. It's also renowned for the Formula 1 Grand Prix, held every May. The harbour is where the rich and famous dock their expensive yachts, including the royal yacht, owned by the Prince of Monaco.

ENCHANTING TUSCANY

Including Lake Garda, Lake Como, Lake Lucerne & the Stelvio Pass

Blessed with beauty, wine and an unparalleled artistic legacy, Tuscany, with its rolling landscape has long been considered the embodiment of rural chic, while its cities harbour a significant slice of the world's Renaissance art. Tuscany's sublime countryside is the perfect destination for a driving holiday far away from the crowds, yet within easy reach of two of Italy's most popular cities, Florence and Pisa.

Hilltop towns overlook emerald hills cloaked in the vines or olive groves from which the region's famous tipples and oils are produced. To the west of these enchanting landscapes is the Tuscan Riviera, which is home to the popular beach resort of Viareggio.

The Chianti Wine Road - The Chiantigiana (SR 222), the road connecting Florence to Siena, is one of the most beautiful driving routes in Italy, passing acre upon acre of vineyards producing the world-famous Chianti Classico DOCG. Chianti has been one of Italy's most important wine-producing regions for more than three centuries. It was here that the family of the Grand Duke of Tuscany began cultivating grapes during the 18th and 19th centuries in the region that would become modern Chianti.

Siena - Situated atop three hills, Siena qualifies as Italy's ultimate "hill town." Its thriving historic centre, with red-brick lanes cascading every which way, offers Italy's best medieval city experience.

Florence, in itself, boasts more world-class art than many countries. Some people never venture beyond the region's crowded capital, though some of Italy's most striking Gothic architecture (Siena), the Leaning Tower of Pisa and the walls of Lucca are all an easy trip away. Stupendous art, soul-aching countryside, stirring wine and lip-smacking cuisine is what this enviable region is all about. From the Etruscan marvels at Fiesole to the della Francesca's of Arezzo, from the towers of San Gimignano to markets of Pistoia, there are delights for even the most experienced travellers.

SARDINIA & THE PYRENEES

A corner of the Meditaranian adored by Italians and in-the-know Europeans

Italy is not short of great drives, think the Amalfi Coast, the back roads of Umbria, the dramatic Dolomites. But the coast of Gallura, Sardinia's northernmost region, has to be one of the most ravishing. Every bend of the road offers another expansive panorama of azure seas, of stark granite headlands, of beaches framed by fragrant juniper and oleander and myrtle.

Sardina is an island where coastal drives thrill, prehistory puzzles, and sheep (four million of them) rule the roads. Sardinia captivates with its wild interior, dazzling beaches and endearing eccentricities. Sardinia has some of the dreamiest beaches you'll find without stepping off European shores. Here the sand really is white, and the sea the bluest blue.

Costa Smeralda - Imagine enjoying some time in Costa Smeralda's bays, where celebrities and supermodels frolic in emerald waters. Sardinia is different, where else but here can you go from near-alpine forests to snow white beaches, or find wildlife oddities like the blue-eyed albino donkeys on the Isola dell'Asinara and the wild horses that shyly roam Giara di Gesturi. The island is also a culinary one-off, with distinct takes on pasta, bread and dolci, its own wines (Vermentino whites, Cannonau reds) and cheeses.

The Pyrenees mountain range separates the Iberian Peninsula from the rest of Europe, stretching more than 430km between Spain and France and rising higher than 3,400m in elevation. The Pyrenees offers a treasure trove of landscapes full of winding scenic roads, great cities and untouched villages, haute-cuisine and superb local fare.

CROATIA, LAKE GARDA & LAKE BLED

Including 5 Nights in Croatia, 2 Nights in Lake Bled and 2 Nights in Lake Garda

The climate is surprisingly uniform across Croatia. Along the coast you can expect a Mediterranean climate of long hot summers and mild winters. The best time to take a holiday here is between early June and late September. At this time of year, temperatures on the coast and around the islands range from the mid-twenties to the low thirties.

Lake Garda - From landscapes to language, from famous food to friendly locals, the attractions of the Italian Lakes are unique and unmistakable. The favourite and probably the most famous is Lake Garda. Nestled between high mountains covered in pine woods, olive groves and vineyards it provides a great place for relaxation.

Lake Bled - Situated on the edge of the Julian Alps in Northwest Slovenia, close to the border with Austria and Italy boasts stunning scenery, reliable weather, good quality accommodation and great service. It is famous for its island in the middle of the lake with its baroque church whose bell, when rung, is said to make wishes come true.

Rovinj - Its Venetian old town spreads out across a magnificent oval-shaped peninsula, and little artist workshop make this a thriving cultural hub. Fine-dining restaurants are tucked away on steep narrow streets, while chic bars line the waterside. As for the coastline, it's backed by dense pine forests and dotted with tiny shingle coves.

Porec - in the middle of the Istrian Riviera, is a pretty city stretching across a peninsula, looking out onto a cluster of exotic islands. There's Roman architecture, Venetian houses and a Byzantine Basilica here, plus plenty of bars and restaurants. In the background, the rolling olive groves and hilltop towns make this the Adriatic version of Tuscany.

Opatija - known as the 'Old Dame', the 'Pearl of the Adriatic' or the 'Queen of Tourism', Opatija in Croatia is a remarkable seaside resort town with a long history of tourism stretching back to 1844.

DRIVE THE MILLE MIGLIA

Including Rome, San Marino, Motor Valley & the Mille Miglia Museum

Drive the Mille Miglia Route on this amazing tour including tours of Rome, Motor Valley & the Mille Miglia Museum. The Mille Miglia endurance race took place 24 times between 1927 and 1957. Participants raced with their Gran Turismo cars over the open roads of northern Italy from Brescia to Rome and back on a figure of 8 shaped route.

The Mille Miglia is a legendary race and awe-inspiring rally consisting of some 350 drivers competing on the 1000 mile route from Brescia to Rome and back, passing through some of the most beautiful cities of Italy, Rome, Siena, Lucca and Parma to name but a few. Also included are some of the roads and towns used in the Mille Miglia retro run, such as the challenging hill passes from San Marino to Urbino. Due to frequent fatal crashes the Mille Miglia was banned in 1957, but in 1982 it was revived as a touring race for old-timers. The 'thousand mile rally' around Italy, is without doubt the quintessential race in a country that can rightly claim the greatest passion for the motorcar. After all, it is the home of the "Red Car", Ferrari, Lamborghini and Maserati. This tour is designed to give you the opportunity to choose your preferred route from the past 5 years and most of the interesting sections of the route, such as the Ravenna-Forli-Rimini road used in 1947, 1948 and from 1951 to 1957, with its sweeping bends and breath-taking countryside.

Rome - Ancient icons such as the Colosseum, Roman Forum and Pantheon recall the city's golden age as the capital of the world, while its many basilicas testify to its historical role as seat of the Catholic Church. Elsewhere, ornate piazzas and showy fountains add a baroque flourish to the city's captivating streets.

Mille Miglia Museum is situated inside the Monastery of Saint Eufemia, a beautiful building complex of immense archaeological, historical and architectural value. The good position and the important history of the building give to the Mille Miglia Museum further prestige.

ARCTIC HIGHWAY CHALLENGE

The Land of the Midnight Sun and one of the world's greatest drives

Norway's Arctic Highway is one of the world's great roads. It runs for about 1500km from Mo i Rana just south of the Arctic Circle to Honningsvag and the North Cape. Seen simply in terms of latitude, the road gets to within nineteen and a half degrees of the North Pole; roughly as far north as central Greenland. Furthermore, almost as remarkable, it reaches as far east as Istanbul!

Choose from our **Standard Tour from Oslo**, or upgrade to our **Deluxe Tour** which includes the Norwegian Fordland's and the Atlantic Road, making this adventure even more spectacular. The deluxe tour also includes a trip on the Flam Railway, one of the most breathtaking railway journeys in the world. Our goal is to reach the North and to experience Land of the Midnight Sun where daylight hours last pretty much the whole day. The stark beauty of the Arctic Norway makes it one of the most beautiful places on the planet.

The Lofoten Islands are known for its breath-taking scenery, spectacular natural attractions such as the midnight sun and small off the beaten track villages. Fishing has been and still is, the reason why people live here and the region is known for its many small fishing villages. Your stay here is in a Rorbu, an old fishermen's cabin and the stay here has historically been one of the highlights of the tour.

The Midnight Sun - This phenomenon occurs in the summer months in locations north of the Arctic Circle and is caused by the tilt in the world's axis, which makes the North Pole face towards the sun in the summer resulting in 24 hours of daylight. In northern Norway this occurs between mid June and the beginning of July.

Featuring Copenhagen, Stockholm, Helsinki & St Petersburg

Copenhagen, Stockholm, Helsinki and St Petersburg are the main highlights on this enchanting tour of the Baltic Capitals and provides the perfect introduction to Scandinavia's Baltic capitals which although no more than six hours apart, are highly individual in character and boast a wealth of historical buildings and cultural activities.

Copenhagen is not only the coolest kid on the Nordic block, but also gets constantly ranked as the happiest city in the world. The backdrop is pretty cool as well with its cobbled bike-friendly streets, an enticing concoction of sherbet-hued town houses, craft studios and candlelit cafes. Add to this its compact size and it is possibly Europe's most seamless urban experience.

Stockholm's beauty and fashion sense could almost be intimidating. Despite being spread across 14 islands, Stockholm's 57 bridges mean it is well-connected and essentially compact. Each neighbourhood has a distinct character. In each, you'll find trend-setting design, inventive cuisine, unbeatable museums, great shopping, pretty parks and loads of atmosphere.

Helsinki is fittingly the capital of a country with a watery geography which entwines spectacularly with Baltic's bays, inlets and islands. The design scene here is one of the most electrifying in the world today, with boutiques, workshops and galleries proliferating in the Design District, Helsinki's thoroughfares and intriguing backstreets.

St Petersburg - Whether you're cruising the canals, crossing one of the 342 bridges, or just watching them being raised over the mighty Neva River at night to allow ships to pass through, you're never far from water in a city which has, unsurprisingly, been compared to Venice. The city has an treasure trove of art and culture. In the Hermitage, you'll see everything from Egyptian mummies to Picassos, while the Russian Museum has the best collection of Russian art in the world.

CALIFORNIA'S PACIFIC HIGHWAY

Including Monterey Classic Car Week & Pebble Beach Auctions

Enjoy a 14 Day tour to California's West Coast including Santa Monica, the Pacific Highway, San Francisco and the spectacular Monterey Classic Car Festival in Monterey. Every year in mid-August, classic car enthusiasts gather in Monterey, Pebble Beach and Carmel for a series of automobile events, including the most prestigious Pebble Beach Concours d'Elegance.

Santa Monica is the perfect beach town with a plethora of attractions, more so than adjacent Malibu or Venice Beach, Santa Monica manages the ideal balance of seaside charm and coastal sophistication and at just 8.3 square miles, you'll find Santa Monica to be very walkable, yet with a laid-back warmth to it. The city also offers plenty of things to do.

The Pacific Coast Highway is well known as one of the most scenic drives in the world. Starting from California's northern border with Oregon and stretching all the way down to San Diego featuring stunning coastal views, seaside villages and untouched forests.

Monterey Classic Car Festival - If you're a classic car enthusiast, there is no better series of events around. There's an endless selection of auto shows, auto memorabilia and so much more. Many of these events are totally free, too, adding to the fun. Some of the major events include; Pebble Beach Concours d'Elegance, Quail Lodge's Motorsports Gathering, Rolex Monterey Motorsports Reunion, Legends of the Autobahn, Concorso Italiano and the Concours d'LeMons for the ugliest cars and "worst in show". Of the classic car auctions scheduled during the Monterey Classic Car Week, the most prestigious ones do charge an admission to see the cars and the auctions, but visitors can often see the cars before, during, and after the auction in the relevant hotel parking lots.

San Francisco - A crimson bridge, cable cars, a sparkling bay, and streets lined with elegant Victorian homes, San Francisco is undeniably one of the world's great cities. Located along the Northern California at the state's distinctive bend in the coast, the region has an alluring magic that stretches beyond the bay to diverse cities with nightlife and trend-setting cuisine.

ROUTE 66 - THE USA'S MOTHER ROAD

With a choice of 3 Great Tours including Flights, Hotels & Car Hire

The romance of Route 66 continues to captivate people around the world. Running between Chicago and Los Angeles for over 2448 miles, this legendary old road passes through the heart of the United States on a diagonal trip that takes in some of the country's most archetypal roadside scenes.

If you're looking for great displays of neon signs, rusty middle-of-nowhere truck stops, or kitschy Americana, do as the song says and "get your kicks on Route 66." Route 66 passes through a diverse cross-section of American scenes, from the cornfields of Illinois all the way to the golden sands and sunshine of Los Angeles, passing by numerous landscapes including: the Grand Canyon, the Native American communities of the desert Southwest, the small-town Midwest heartlands of Oklahoma and the Ozarks, as well as the gritty streets of St. Louis and Chicago. Whether you are motivated by an interest in history, feel a nostalgic yearning for the "good old days" Route 66 has come to represent, or simply want to experience first-hand the amazing diversity of people and landscapes that line its path, Route 66 offers an unforgettable journey into America, then and now.

When is the best time to drive Route 66 - The season starts in May and runs through to the end of October. Before or after that, you risk running into cold weather, especially in the Midwest. Weather - Anytime between mid-May and mid-October you should have a lovely drive, however, there's always a good chance you'll see rain, as Route 66 is more than 2,400 miles long.

Tourist Traffic - Route 66 is growing in popularity, and not only cars but even large tour groups in buses are travelling The Mother Road. Whilst Route 66 is never going to be as busy as driving on the Interstate, the chances are you'll encounter more traffic in late June, July and August. From the first week of September onwards, there will be less people on the roads as the summer holidays are over and people will have returned to work. In our opinion, the best time to drive Route 66 is mid May to mid June or mid September to mid October, but then Route 66 is a drive of a lifetime, no matter what time of year or what the weather's like.

AMERICA'S MUSIC ROAD

Including Nashville, Memphis & New Orleans

This amazing 12 Day Road Trip encompasses America's musical heritage - from Elvis and Graceland in Memphis to the Grand Ole Opry and the Country Music Hall of Fame in Nashville, the Legendary Sun Studios and Beale Street to the French Quarter in New Orleans, the eternal home of Jazz.

Nashville is alive! Nashville is where music lives and to really experience Nashville's music history, you should see a show at the Ryman and Grand Ole Opry. Walk along the Music Mile or Music Row to see the historic RCA Studio B, Music City's only historic studio tour and learn why they call it "Music City" at the Country Music Hall of Fame and Museum. At night, Nashville really comes to life! Hit up the Gulch entertainment district or the District, where honky tonks and good restaurants converge. See up-and-coming and established artists perform at the legendary the Bluebird Café or see a show at famous Wild Horse Saloon.

Memphis is the birthplace of blues, soul and rock & roll. It's rich in musical heritage and eternally linked with Elvis Presley and Graceland, his former home, which is included on our tour. Beale Street is at the heart of the historic district, a bustling entertainment centre with plenty of live music venues. Located on the Mississippi River in southwest Tennessee, Memphis is also famous for Elvis Presley, B.B. King and Johnny Cash, who recorded albums at the legendary Sun Studio. Other music landmarks include: the Rock 'n' Soul Museum, Blues Hall of Fame and Stax Museum of American Soul Music.

New Orleans is a city with an altogether different atmosphere to the rest of the USA, where the pace of life is relaxed and reminders of the past are everywhere you go. Also known as the 'Big Easy', it is the home of jazz with its laid-back attitude, narrow streets, wrought iron balconies and flower-bedecked verandas. The French Quarter has been attracting visitors for many years. New Orleans is famous for its spicy, singular cuisine reflecting its history as a melting pot of French, African and American cultures.

VANCOUVER & THE CANADIAN ROCKIES

Including Vancouver, Jasper, Banff, lake Louise, The Columbia Icefield

The Rocky Mountains of Canada are, quite simply, breathtaking. Running through the provinces of Alberta and British Columbia, the Canadian section of the range covers a diversity of terrain. Rugged snow-capped peaks look down on idyllic towns and settlements, whilst deep forested valleys and gorges lead to crystal clear mountain lakes, hidden far away from the hustle and bustle of the world.

Vancouver - Considered by many to have one of the most spectacular settings in the world, in the foreground the Pacific Ocean and as a backdrop, the grandeur of Grouse Mountain. The 1,000-acre Stanley Park is the largest urban park in North America, a wilderness area of forest, marshland and beaches. NEW ZEALAND 2 ISLAND TOUR

A Spectacular 23 Day Two Island Tour

Whether you're a first-time visitor or are making a return trip, the sheer majesty of New Zealand's landscapes are a wonder to behold. What's more, there's excellent local food, wine and accommodation, and the people who make up the tiny population are a model of hospitality.

New Zealand straddles an active fault line where the earth's plates are in a constant state of collision. In the central North Island, one piece is creeping slowly under the other, generating enormous amounts of subterranean heat and volcanic activity. This area centres around Rotorua, stretching south to the mountains of Tongariro National Park then east to Bay of Plenty's White Island, an active and accessible volcanic island.

The North Island - Active volcanoes, island sanctuaries and history top the list when visiting New Zealand's North Island. From the far north where New Zealand's political history began, journey through landscapes that blend magnificent coast, sprawling farmlands and geothermal wonders. Maori culture is rich and ever-present in many parts of the North Island.

The South Island - A palette of dramatic scenes, New Zealand's South Island showcases the best of nature's assets, where towering alps meet peaceful sounds and rugged coastlines merge with sweeping plains. Not forgetting the backbone of the island, the most down-to-earth locals you'll ever meet! The South Island contains many stunning glaciers, most of which are located in the Southern Alps in the South Island.

Milford Sound Cruise - During your cruise you'll see towering cliffs and peaks, including the much photographed and iconic Mitre Peak that rises more than a kilometre straight out of the sea. Waterfalls cascade into the fiord and luxuriant rain forest clings to sheer rock faces in this exceptional place.

HIGHLIGHTS OF CHINA

An Escorted Tour including Beijing, Xi'an, Shanghai, & the Chinese Grand Prix

An 11 Day escourted tour featuring the highlights of China. China's capital city of Beijing and Shanghai are probably the most dynamic cities while the Terracotta Army is the most significant archeological excavation of the 20th century and a UNESCO World Heritage Site.

Beijing - Inextricably linked to its glorious, notorious past, yet hurtling towards a power-charged future, Beijing is one of China's great cities. It is as complex as it is compelling, food is an obsession for the Chinese and the dazzling array of different dishes you'll encounter in Beijing reflects the sheer joy locals take in eating. There are six UNESCO world heritage sites in this city alone. At its heart is the magnificent Forbidden City, a royal palace on a scale like no other and, to cap it all, the awe-inspiring Great Wall of China snakes its way across the hills just north of city.

Xi'an - Located in central China, Xi'an records the changes of the country just like a living history book. Called Chang'an (meaning the eternal city) in ancient times, it is one of the birthplaces of the ancient Chinese civilization in the Yellow River Basin area. As the eastern terminal of the Silk Road and the site of the famous Terracotta Warriors of the Qin Dynasty, the city has won a reputation all over the world.

Shanghai - Situated on the estuary of Yangtze River, Shanghai serves as the most influential economic and financial centre in Eastern China. It is also a popular destination for visitors to sense the pulsating development of the country. New skyscrapers and old Shikumen together draw the skyline of the city. Western customs and Chinese traditions intertwined form the city's culture, making a visitor's stay truly memorable.

The Chinese F1 Grand Prix is held at the Shanghai International Circuit, Jiading, Shanghai, designed by Hermann Tilke. When completed in 2004, it was the most expensive Formula One circuit facility, costing $240 million.

HIGHLIGHTS OF PERU

Combining ancient history, breath-taking landscapes and living culture

An amazing adventure tour to Peru including Lima, Cusco, the Sacred Valley, Machu Picchu, Puno, Lake Titicaca, Arequipa, Colca Canyon, Paracas the Nazca Lines. This itinerary packs in the ultimate highlights of Peru, all whilst staying in some of great hotels along the way.

Peru is the third largest country in South America and a superlative land of contrasts with its epic landscapes, jaw-dropping archaeological sites. On Peru's arid Pacific coast is Lima, the capital, with a preserved colonial centre and important collections of pre-Columbian art.

Machu Picchu - The long-anticipated highpoint of any trip to Peru, it's the best-known archaeological site on the continent, virtually forgotten until the early part of the 20th century. In the high season (late May to early Sept), 2500 people arrive daily. Despite this great tourist influx, the site manages to retain an air of grandeur and mystery.

The Nazca lines are a series of pictographs carved into the ground in the Nazca Desert, a dry plateau located in Peru. Covering an area of some 50 miles, they were supposedly created between 200 BC and 700 AD by the Nazca Indians.

Colca Canyon - Circling condors, challenging trails, volcanoes, waterfalls, and hot springs make the Colca Canyon one of the most popular destinations in Peru. The Colca is the world's second-deepest canyon, a smidgeon shallower than near neighbour, the Cotahausi, and twice as deep as the more famous Grand Canyon in the US.

Lake Titicaca - In Andean belief, Titicaca is the birthplace of the sun. In addition, it's the largest lake in South America and the highest navigable body of water in the world. Enthralling and in many ways singular, the shimmering deep blue Lake Titicaca is the longtime home of highland cultures steeped in the old ways.

The Sacred Valley - the beautiful El Valle Sagrado (The Sacred Valley), is about 15km north of Cuzco and accessed via a narrow road of hairpin turns. It is home of attractive colonial towns and isolated weaving villages. Packed with Inca sites, the main attractions are the markets and the lofty Inca citadels of Pisac and Ollantaytambo.
